

AN INVITATION

We hope you will be able to join us when we exhibit our extensive range of surge protection products on **stand 7** at the forthcoming Manufacturing, Technology & Innovation 2012 conference and exhibition (MTI 2012) on **Thursday 18 October 2012, 9.30am – 5pm at the Riviera International Conference Centre in Torquay.**

The Torbay Hi-Tech Forum, in partnership with Torbay Development Agency organise this annual event which is geared towards helping local businesses increase trade, develop supply chains and catch up on the latest news in manufacturing and technology. It aims to boost engagement between these companies and provide an opportunity to extend networks, with key industry speakers, break-out seminars and leading exhibitors from across the hi tech sector and related industries.

Based in South Brent, Devon, PD Devices design and manufacturer an extensive range of Transient Voltage Surge Suppression (TVSS) / Surge Protective Devices (SPD's) and Electrical Surge Protection Components and Modules. We supply products and custom solutions to protect against damage from lightning and transient over-voltages and serve a broad range of markets including, Buildings & Construction, Rail Transport, Electrical Generators & Networks, Telecom & Data Networks, Office & Home systems. We supply direct or through reputable Electrical Retailers, Stockists & Distributors, a custom designed product service is offered and a full consultation and a an on-site survey are available.

TORBAY

Now in its 2nd year, MTI 2012 will bring together hi-tech, manufacturing and engineering businesses; buyers and supply chain companies looking to extend their networks and build contacts; industry professionals and trade organisations, key industry leaders, decision makers and investors from across the South West.

The Keynote speaker has been confirmed as Mark Prisk MP - Minister of State for Business and Enterprise and the event agenda can be found by visiting:-
